CONSULTANTS:

The Dennis Group

Message from the Campaign Chairman, Tony Steenbeek

I am delighted to provide this update on the Calvin Christian School *Light the Path Campaign*. Last fall, the Board of Directors initiated a substantial building debt reduction campaign. For those of you in attendance at the CCS Spring Membership Meeting, you heard the exciting news of how well the campaign is moving forward.

Over the last few months our campaign team has been focused on planning and organizing all facets of the campaign, including the early solicitations of team members, board, and community leaders.

Over the next several months the Campaign will take on a more active and public role. The Case for Support that was circulated at the Fall Membership Meeting will be shared throughout our community as we contact our supporters in hopes that they will join us in participating in this campaign.

We continue to look for volunteers willing to assist in canvassing or bringing updates to their respective church. If you are able to commit about 6-8 hours of your time over the next four months we would welcome your help. Please feel free to contact the campaign office at 905-667-1565.

In Christ,
Tony Steenbeek
